

Maharaja Agrasen University Organized Educational Trip to the Sophisticated Analytical Instruments Facility/Central Instrumental Laboratory and the Museum

KALPANA and BIOROVERS clubs of the School of Basic & Applied Sciences, Maharaja Agrasen University organized an educational trip for the students of M Sc. (Physics), M.Sc. (Zoology), and B.Sc. (Medical). The students visited SAIF/CIL and the Museum of the Panjab University, Chandigarh. The students were taken to the advanced research facilities of Panjab University housed in the Sophisticated Analytical Instruments Facility/Central Instrumental Laboratory (SAIF/CIL). Various advanced instruments were shown through demonstration by experts and students were made aware of the working and applications of these facilities. The students of the BIOROVERS Club visited the Zoology Museum of Panjab University and got an idea about various Zoological concepts. Experts in the areas explained various concepts of Zoology and life sciences.

Vice-Chancellor Prof. (Dr.) R.K. Gupta emphasized the conduction of such trips to motivate the students with various advances in their cognate areas and for an update in the field. Chancellor's Nominee Shri Suresh Gupta also encouraged the students and faculty members to visit such places and inspired them to accomplish a position where they can excel and shine the names of their families and University as well. Dr. Sanjay Panwar, Director of the School greeted the students and encouraged them to interact with the experts. He also appreciated the efforts of the coordinators Dr. Prianka Sharma, Dr. Nidhi Srivastava, Dr. Smriti, Dr. Pooja, and Dr. Surbhi Kaushal.
