

## Report of Guest Lecture

on

### “Artificial Intelligence- Vitality in Business World”

11 January 2022

PCJ School of Management, Maharaja Agrasen University, Baddi organized a guest lecture on “Artificial Intelligence- Vitality in Business World”. Dr. Rahul Wargad, Deputy General Manager, Information Technology, Department of Telecommunications, Government of India was the keynote speaker of the event. Dr. Rahul Wargad, in his address focused on the issues and challenges people are facing in the current times around the world. His address primarily focused on how technology provides significant development opportunities that many businesses and companies have already been fast to grab. He also emphasized that how artificial intelligence machines can also analyze large amounts of data within a few seconds. Dr. Rahul highlighted that in the modern economy, data is an invaluable resource in any business. However, if you cannot make any sense of it, your business data will be useless.

Hon’ble Vice Chancellor Prof.(Dr.) R.K. Gupta graced the occasion with his motivational words.
