

Report of Educational Visit

Central Research Institute, Kasauli, Himachal Pradesh

Date: May 12, 2022

BIOROVERS Club and Department Biotechnology School of Basic and Applied Sciences organized an education tour to Central Research Institute, Kasauli, Ministry of Health and family welfare, Govt. of India, on 12th May 2022. Students of M. Sc Biotechnology, M. Sc Microbiology, M. Sc Zoology and B. Sc (Medical) visited the CRI, Kasauli. The students learned about the various aspects of vaccine production. They visited the animal house and learnt about the various types of laboratory animals used in the research for vaccine production. The utility facilities were also shown to familiarize with different types of water processing units, viz. DI, DM, UF, WFI and pure steam production along with their working. Students were also exposed to the various instruments used for sterilization of various components required for vaccine production. Vice Chancellor Prof. (Dr.) R.K. Gupta stressed on the conduction of such excursion tours to familiarize the students about the state-of-the-art facilities in the related areas and motivate the students; Chancellor's nominee Shri Suresh Gupta also encouraged the faculty members to conduct such visits to strengthen the learning. Dr Sanjay Panwar, Director of the school emphasized the need of exposure based learning environment to supplement the curriculum. The tour was coordinated by Dr Shiv Kumar Giri and Dr Gulab Singh
