Education is a weapon to improve life. It is indeed a powerful means which empowers and prepares strong humans to face challenges expeditiously and effectively. The strong foundation of the students should be from the schooling education to success in higher education.

We tend to work with the expression "**Spark the Change**". Maharaja Agrasen University attempts arduously to impart quality education to fulfil national and global challenges towards accomplishing its mission.

We have well-equipped labs, workshops and libraries to assist the students in achieving the best standards in academics. Our workshops are specially designed to impart hands-on experience to the students.

This initiative reflects our deep commitment to inclusive education and societal welfare. We believe that no deserving student should be deprived of education due to unforeseen hardships. Through such efforts, MAU continues to stand as a beacon of hope, learning and service to humanity.

Dr. Nand Kishore Garg

Maharaja Agrasen University is committed to delivering a holistic education that balances academic excellence with personal development. We integrate modern teaching practices with timeless values, preparing students not only for successful careers but also for meaningful lives. With a state-of-the-art campus nestled in the serene Himalayas, we provide a nurturing environment for intellectual growth, innovation and exploration. Our smart classrooms, advanced labs, well-stocked libraries, and recreational facilities are all designed to support a vibrant student life.

Our faculty, comprising both seasoned academics and industry experts, are dedicated to mentoring students to think independently, solve real-world problems and lead with integrity. We have also aligned course curriculum with the National Education Policy (NEP 2020), embracing flexibility, inter-disciplinarity, and digital innovation to prepare you for a rapidly evolving global landscape.

Together let us shape a future of excellence, purpose and positive impact.

Prof.(Dr.) R.K. Gupta
